

ECZEMA ON FACE ITCHED SO SHE COULD NOT SLEEP

Suffering Almost Intolerable and Did Not Go Out Without a Veil—First Use of Resinol Brought Relief.

CHICAGO, Ill., June 20, 1913.—"I had a severe case of eczema on my face. It looked like little red pimples and got so bad that I did not go out without wearing a veil. I could scarcely sleep at night, the itching and burning were almost intolerable. I had been suffering from this for several weeks and had tried several salves, but with practically no results. I did not know what I should try next. After one application of Resinol Soap and Resinol Ointment I was able to have a good night's sleep. I used Resinol Soap and Resinol Ointment for only about two months and I was completely cured."

"My brother was troubled with pimples on his face and Resinol cured him also." (Signed) Miss G. Ewald, 2518 Castello Ave.

PREDICT REELECTION OF CHESTER AT ELKHART

With Republicans at Sea For Candidate Present Mayor Is Conceded Good Chance.

ELKHART, Sept. 22.—The re-election of Ellis M. Chester as mayor of Elkhart is freely predicted now by political prognosticators who assert that with Herman Borneman's refusal to head the republican ticket, Chester has a walk-away. None of his opponents are thought strong enough to defeat him for the nomination at the democratic city convention Tuesday. While Forrest E. Hughes will undoubtedly head the progressives' ticket, the republicans are scouring the city in search of a "strange" candidate. There is a possibility that James A. Bell will be a nominee for the mayorality on an independent democratic ticket. W. H. Winslip, avowed anti-organization candidate, is popular but the "powers that be" had already slated Chester before Winslip entered the race.

Fashion Decrees— False Hair Must GO

Fashion's decrees are frequently of an uncompromising nature, and yet we all bow to her mandates with humility.

The late reaction to plain styles in hair dressing is decidedly gratifying to almost everyone. The prevailing idea seems to be simplicity, coolness and comfort.

The uncomfortable masses of germ harboring false hair and rats are, when possible, being cast aside, and the woman or miss, who cares to be strictly up-to-date, is relying upon her own natural hair for adornment.

This means that more painstaking care must be exerted in saving one's own hair and in enhancing its beauty.

The Modish World Adopts Newbro's Herpicide

Long, thick, luxuriant hair is merely a question of care and cultivation. If your scalp itches, and the hair is dull, brittle, uneven and coming out with every combing, it is because its life is being destroyed by the presence of dandruff.

Such a condition demands the regular and intelligent use of Newbro's Herpicide. The best informed and most fastidious people everywhere are aware of this and rely upon the world's best-known scalp prophylactic to keep the scalp free from dandruff and to give to the hair that life, lustre and luxuriance which are so beautiful.

The odor of HERPICIDE is exquisite, the sensation of coolness and cleanliness a delight and the visible results are frequently astonishing.
